Headquarters
Canada

About the Client

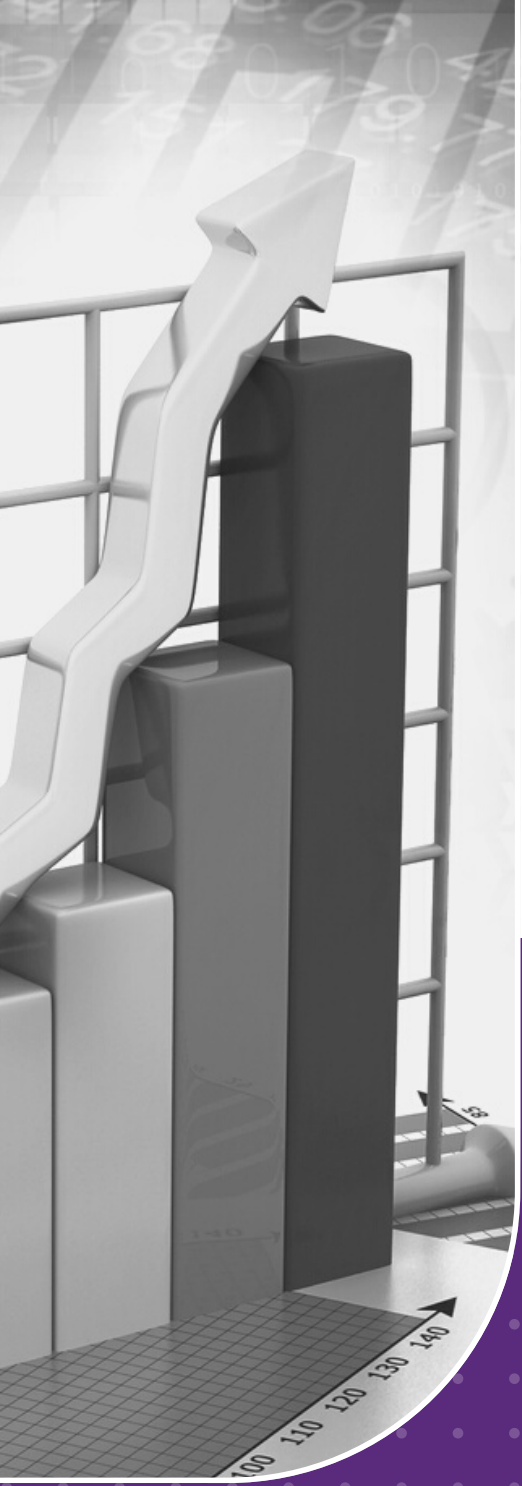
The client is a Canada-based personal and commercial Insurance company that wanted to streamline its contracting process, reduce the cycle time, and get a 360-degree view of its contract cycle.

Forsys implemented Conga CLM to automate the processes, enhance accuracy percentage, improve negotiations, and boost productivity.

Business Challenge

The key challenges for the client were:

- Issuance of New Contracts
- Making Amendments and Addenda to the existing Agreements
- Modernization and redefining the Contract Templates
- Unable to Seamlessly use the Approval workflows
- Multi Language Template Formats
- Lack of Process visibility and contract tracking
- Inefficient automated workflows and e-signature process



Transformation Journey

Forsys successfully implemented the Conga CLM solution with the ability to:

- Execute the contract templates in both English and French
- Submit new contracts with a defined workflow
- Assemble and negotiate on contracts starting with multiple templates
- Obtain contract review and enforce right approvals before sending for electronic signatures
- Full use of DocuSign e-signature capabilities
- Amend and Renew contracts seamlessly (for multiple lines of business)
- Receive notifications during important stages of the contract life cycle
- Search and report contracts using key attributes

Impact

The impact of Conga CLM implementation on the client's contract lifecycle resulted in:

- **45% increment in Contract Accuracy**
- **43% improvement in Contract Compliance**
- **42% quicker contract processing**
- **360° view of contract cycle**
- **Streamlined contract lifecycle**
- **Improved negotiations**
- **Effective contract drafting/developing**
- **14% Improvement in business productivity**

About the Client

The client, headquartered in Canada, is a multinational personal and commercial insurance company wholly owned by a Canadian insurer. The client operates across the EU and Middle East and provides a range of Home, Auto, Business, Marine, and Travel insurance products and services.
